Design Systems

Accessibility

iOS and Android patterns

A/B testing

Product Designer

Nov 2019 – May 2022

Drom.ru, Novosibirsk, Russia

Worked within dedicated cross-functional teams (PM, analyst, four engineers, QA).

Drom Fines (traffic fines payment): Redesigned registration and payment flows based on user behavior analysis and usability testing, increasing payment conversion 2× and contributing to 5× revenue growth.

Drom PDD (driving theory app, 10M+ downloads):

Redesigned the home screen into a modular experience and introduced design tokens for dark mode.

Nomerogram (vehicle history app): Redesigned photo-upload onboarding, increasing visits to the upload screen by 27% and nearly doubling photo submissions. Launched Favorites, reaching 15% adoption in the first month.
